

Autism and Stem Cells: A Mom's Perspective

Jen, mother of 10 year-old Milo who has a severe form of autism describes the impact of the disorder on her family and shares her thoughts about stem cell research. This video was presented during at the Spotlight on Autism seminar at the March 13th 2014 governing Board meeting of California's Stem Cell Agency.

For more information about autism research funding by the stem cell agency, visit our autism fact sheet.
